

Chief Minister's Comprehensive Health Insurance Scheme

Empanelment & Disciplinary Committee

Empanelment of Hospitals and Diagnostic centres

The EDC committee is in the process of empanelling the Hospitals and Diagnostic centres based on the documents submitted online and the inspection report. We may not be able to empanel all the applied / existing hospitals in one go because of the work load in scrutinizing the documents. Hence we have decided to empanel the hospitals over a period of one month from now on.

Meanwhile, in order to ensure the continuity of the service, all the contract with the existing hospitals will be extended for one month (20-03-17 to 20-04-17). At the end of this period (20-04-17), if the hospital or diagnostic centre is not empanelled as new empanelment / fresh empanelment because of failure to fulfil the new criteria and guidelines, they cannot continue as empanelled hospital or diagnostic centre beyond 20-04-2017.

Though all the existing Government hospitals and allied diagnostic centres are empanelled now, they need to apply online and submit the documents before 20-04-2017 as per tender conditions.

Based on the documents submitted / inspection report hospitals and diagnostic centres who met the criteria of the scheme empanelment has been selected.

The new packages and rates for the hospitals empanelled in the EDC are being made available shortly.

The hospitals empanelled should get entry level NABH / NQAS accreditation within twelve months. Otherwise they may not be able to continue in the scheme beyond that period.

The following Hospitals and Diagnostic centres are empanelled as on 25th March 2017 are as follows
