**Roc.No.6557/TNHSP/ Ins/2013, Date: 27.06.2017**

**Sir/Madam,**

**Sub:** TNHSP-CMCHIS-High End Procedures - Package cost for High End Procedures -Revised package cost of Cochlear Implant under CMCHIS on par with the cost of Cochlear Implant supplied under Kerala Social Security Mission -reg.

**Ref:** Documents received from The Executive Director,KSSM through e-Mail dated:15.05.2017.

\*\*\*\*\*

I wish to state that under High End Procedures Cochlear Implant is being done to children below six years of age having Profound.Bil.Sensory Neural Hearing Loss.So far 2856 cases have been approved for Cochlear Implant under CMCHIS both in govt.and pvt.institutions.

The package cost for Cochlear Implant under CMCHIS is Rs.7,90,000/- which includes the implant cost of Rs.5,35,000/-.

In the reference cited above, it was found that M/s.Med-el Pvt.Ltd is supplying Cochlear Implant to Kerala Social Security Mission for an amount of Rs.3,84,000/- only.

Comparing the rate between KSSM and CMCHIS, CMCHIS is losing Rs.1,51,000/- per Cochlear Implant. Hence the package cost of Cochlear Implant is reduced to Rs.6,39,000/- (including implant cost ) which includes one year post implant Audio Verbal Therapy also.

Hence you are requested to communicate the revised package cost of Rs.6,39,000/- which includes one year post implant Audio Verbal Therapy. to all the hospitals empanelled under CMCHIS for Cochlear Implant and process the preauth accordingly.

The hospitals are permitted to procure the Cochlear Implant from any vendors for an amount of Rs.3,84,000/- or less than that for an FDA approved implant. Hospital is responsible for the product and outcome.

  
For Project Director
